## **Merz Enters U.S. Aesthetic Medicine Market**

Merz GmbH and Co., KGaA (Frankfurt, Germany) is a European pharmaceutical company with a history of compassion and innovation in healthcare that spans 100 years. In 2009 Merz will officially introduce a new aesthetic division of its U.S. based subsidiary, Merz Pharmaceuticals, LLC (Greensboro, N.C.). Among other endeavors Merz plans to introduce its own brand of botulinum toxin to the U.S., as well as a line of monophasic hyaluronic acid (HA) dermal fillers, which are already available in Europe.
