Ultratone Futura Pro safely and comfortably delivers instant body shaping and reduction results from just one 30-minute session – achieving maximum results with minimum effort!

Ultratone's Futura Pro system is based on the principle of Bioenergy - a synergy of all the natural beauty technologies combined, to provide maximum results in minimum time. The treatment is delivered with easy to apply Bioenergy pads that are placed on the problem areas of your body. The deliciously invigorating yet relaxing impulses imitate your body's own natural Bioenergy and emit a series of different waveforms, impulses, amplitudes and frequencies to stimulate, tone and rejuvenate the 'problem' areas. With Ultratone you can literally drop a whole dress size in just a few treatments.

The Ultratone Future Pro treatment ensures you'll lose inches off your problem areas as well as helping to shift those last few pesky pounds - so you can be comfortable in your beach beautiful body.
